

Ruth Schorr, K7RFO, from Klamath Falls, lost her battle with congestive heart failure the evening of 2/10/23 while the OEN Net was running. Her OEN member # 413 was issued on March 27, 1962, making her a 60-year member of the Net. She served as a Net Control for at least 50 of those years and was the current OEN SE Director. She inspired us all with her sharp mind, good operating skills, and her kindness to all. She was also a darned good cook, being born and raised in the south.

Ruth's heart condition started declining rapidly a week and a half ago, with her being very tired and needing to sleep more and more as her heart failed to respond to treatment. As per her wishes, she passed away in her own home under the loving care of her great-granddaughter, who is a nurse at Sky Lakes Hospital in Klamath Falls.

I will keep the OEN informed of memorial services as soon as those decisions are made.

73,

Dennis Deaton AG7K
