MURDER OR SOUCIDE On Sat. Oct. 3 there was a death of a young man across the street. Connie, my wife, and I were out of town. When we came home that afternoon, there was a yellow ribbon all around the house across the street. Printed on the yellow ribbon were the words "crime scene". There were several officers out and about, we ask what happened. All they would tell us was that there had been a dead man in the house. I knew that would have been my neighbor, Ken. Age 42. Later, some detectives interviewed us. I was also interviewed by channel 2 TV. I could not give anyone any information, as I was not home at the time of the death. Later the news reported he was shot in the back. The lady who lived with him as his wife was put in jail, she insisted Ken killed himself. After a few days she was let out. We have not seen any sign of her, so we do not know what might have become of her. Every time I look across the street, I feel sad, and I remember the young neighbor who used to come over and help me shovel the snow out of my driveway, when he saw an old man struggling to get that done. May he rest in piece. (ed)—
